# No Cost Enhanced Training for Law Enforcement

**Advancing Skills | Strengthening Agencies | Actionable Results**

The Office of Community Oriented Policing Services (COPS Office) is pleased to announce a suite of innovative new online enhanced training experiences, focusing on implementing organizational and operational improvements, at no cost for law enforcement professionals nationwide.

Titles under development include *Communicating Agency Success*, a course focused on improving public and internal communication, and *Effective Partnerships Between Federal and Local Law Enforcement*, a course designed to improve coordination and strengthen agency partnerships and effectiveness. Additional courses in development focus on attracting top talent, executive leadership and individualized training, enhancing officer wellness through supervision and teamwork, crime analysis for small and medium agencies, and problem-solving strategies to improve public safety.

### Training Features

Similar to online college courses with a duration of 3–6 months, enhanced training courses include the following hallmark features:

- **Training in cohorts.** Peer learning in action
- **Flexible scheduling.** Shift-friendly training
- **Applied learning.** Interactive training, practical results
- **Access to expertise.** Ongoing support from industry leaders
