

Community Policing Defined

Community Policing Defined, an eLearning course, provides learners with a basic awareness and understanding of the fundamental principles and best practices of community policing. This course examines practical problem-solving methodologies and applies best practices of community policing.

Comprised of four modules, the topics explore partnerships, problem solving, and organizational transformation as they relate to specific issues and challenges facing today's law enforcement professionals and the communities they serve. Based on the Department of Justice, COPS Office publication of the same name, *Community Policing Defined* not only describes the practice of community policing, but also examines how it can be effectively applied.

Through this course, learners examine the interconnectedness of Problem-Oriented Policing, the SARA model, and the Crime Triangle.

Learning Hours:

4 hours

Target Audience:

Law enforcement, public safety professionals, community leaders, business owners, and other community stakeholders.

Completion Standards:

Certificate of Completion awarded based on assigned learning hours and minimum 80% score on post course assessment.
