# Place-Based Policing for Small and Rural Agencies

*Place-Based Policing for Small and Rural Agencies*, an eLearning course, provides learners with the opportunity to explore concepts in various, applicable contexts. The modules, designed for all law enforcement professionals, from leadership to frontline officers, demonstrate place-based policing practices that reduce crime and are specifically tailored to small and rural agencies.

This eLearning course identifies evidence-based and emerging practices for place-based crime reduction strategies and translates them into action-based approaches tailored to small and rural agencies. Learners utilize case studies and interactive components to explore evidence-based policing practices, place-based practices, the use of data and technology, and how to utilize community-police engagement to implement place-based policing strategies.

**Learning Hours:**
3 hours

**Target Audience:**
Public safety professionals affiliated with small and rural police agencies.

**Completion Standards:**
Certificate of Completion awarded based on assigned learning hours and minimum 80% score on post course assessment.

Portal course sessions are active Jan. 1 – Dec. 31 of each year and course content must be completed by December 31 to earn your certificate.
